“The effects of digitalization on training, learning and working in the 21st century”

Welcome to Lugano!

As part of the dialogue, Laura Perret-Ducommun, Councillor, Canton Ticino,

“Digitalization will revolutionize our businesses and society. New technologies, new opportunities, new education, new mentality, etc., a fundamental rethinking and reorganisation of the way we train, learn and work in the digital age promises. But doesn’t the world need a new breed of leaders?”

Katharina Fromm, Full Professor for Chemistry at the University of Fribourg and the Higgs Prize winner 2015

“Digitalization is omnipresent in today’s society. Changing our professional world at an almost impossible pace. In the fields of science, innovation and society. Time to study its effects and opportunities on/in Science, Innovation and Society.”

Cornelia Oertle, Director General, Swiss National Science Foundation (SNSF)

“Digitalization will not only revolutionize the way we train, learn and work in the digital age promises. But doesn’t the world need a new breed of leaders?”

The Effects of Digitalization on Training, Learning and Working in the 21st Century

Lugano, Saturday, 13 April 2018

10:00 – 12:00: Session 4: Digitalization and the Economy

Chair: Naufal Jafri, President, Swiss Academy of Humanities

- Digitalization and the workplace (Maurizio Anzalone)
- Digitalization and societies (Manuela Bertoli)
- Digitalization and the economy (Laura Perret)

12:30 – 14:30: Lunch break

14:30 – 16:30: Session 5: Digitalization and Creativity

Chair: Claudia Appenzeller, Secretary General, Swiss Academy of Arts and Sciences

- Digitalization and creativity (Mauro Dell'Ambrogio, Peter Voser, Katharina Fromm)
- Digitalization and the arts (Katharina Fromm, Luca Albertoni, Fabio Merlini)
- Digitalization and the media (Rita Brandi, Dominique Suter, Stefano Santinelli)

16:30 – 18:30: Session 6: Digitalization and Science

Chair: Monica Duca Widmer, Chair of Research and Innovation, SUPSI

- Digitalization and science (Manuele Bertoli, Alberto Piatti, Stefano Santinelli)
- Digitalization and research (Manuele Bertoli, Alberto Piatti, Stefano Santinelli)

18:30 – 20:00: Aperitif

20:30 – 22:00: Tribute to Maurice Campagna, Secretary General, University of Applied Sciences of Southern Switzerland (SUPSI)

Maurice Campagna
Claudia Appenzeller
